# Nitrox Class

**Class \$125**

**Books \$59.95**

Diving with Nitrox provides two main benefits: increased bottom time at shallower depths, and decreased risk of DCS. Our Nitrox class will consist of a four hour lecture. The manual and DVD must be read and viewed before class starts. No lake work required for this class. Please visit our website [TomsScuba.com](http://TomsScuba.com).

## Class Topics

- What is Nitrox
- Benefits and limitations of Nitrox uses
- How to analyze dives
- Planning Nitrox dives
- Using Nitrox dive tables

## Scheduling Considerations

- One four hour class meeting from 6:30pm until 10:30pm

## Prerequisites

- Open water certification
- No medical history problems
- 15 years of age

## Required Items

- Certification card
- Class materials – Textbook and DVD

- Note: Home study portion of this class must be completed prior to the lecture.
